

Niagara County Mapping Website:

The screenshot displays the Niagara County Mapping Website interface. At the top, the header reads "Niagara County, NY" with a logo on the left and navigation icons on the right. Below the header is a search bar labeled "Name, SBL or Address" with a magnifying glass icon. The main area is a map showing various geographical features, roads, and property boundaries. A "Layer List" panel is open on the right side, listing several layers such as "Bridges (NYS DOT 2017)", "Municipal Boundary (NYS IT, 2017)", "Airport or Heliport (FAA, 2015)", "Assembly Districts", "Senate Districts", "Congressional Districts", "County of Niagara (Niagara County, 2017)", "Department (Niagara County, 2017)", "Regulated Wetlands (NYSDEC)", "Cultural Districts (Cornell IRIS and NYSAG Markets, 2019)", "Parcels (Niagara County Final Roll, 2024)", "BuildingFootprints - NYS Building Footprints", "Soils (SSURGO, NRCS 2016)", and "School Districts". A modal window is overlaid on the map, containing the following text:

Welcome to the Niagara County Mapping website.

All information on this website is based on data from various sources. Niagara County assumes no responsibility or legal liability for the accuracy, completeness, reliability, timeliness, or usefulness of any information presented. By Clicking "OK" you are agreeing to these terms.

Public notification tool is now accessible. This tool will allow you to identify a collection of properties, and create a mailing list. CSV and PDF are options for export. You may optionally enter a buffer.

Below the text in the modal is a search bar labeled "Name, SBL or Address" and a table with columns for "SBL", "Area", "Perimeter", "Volume", "Elevation", "Area", "Perimeter", "Volume", "Elevation", "Area", "Perimeter", "Volume", "Elevation". An "OK" button is located at the bottom right of the modal. At the bottom of the map, there are navigation controls including a home button, a refresh button, and a back/forward button. A small "App State" modal is also visible at the bottom right, with the text "Click to restore the map extent and layers visibility where you left off."

Niagara County Mapping Website:

The Tool Bar:

The tool bar contains several icons: a list icon, a layer stack icon, a ruler icon, a film strip icon, a graduation cap icon, a plus sign icon, and a hand icon. Below the tool bar is a map showing streets like Royal Dr and Cottage Rd. A 'Layer List' panel is open, showing two layers: 'Bridges (NYS DOT 2)' and 'Municipal Boundary', both with checked boxes. Pink arrows point from labels to the icons: 'Measure' to the ruler, 'Layer' to the layer stack, 'Legend' to the list icon, 'Draw' to the film strip, 'Bookmark' to the graduation cap, 'Add Data' to the plus sign, and 'Select' to the hand icon.

Layer List:

The screenshot displays the Niagara County Mapping Website interface. At the top, there is a navigation bar with links for "HELP", "Digital GIS Fee Schedule", and "Property Class Codes (ORPS)". To the right of the navigation bar are several icons, including a layer list icon (a stack of three squares) which is highlighted with a red box. Below the navigation bar is a map of Niagara County, showing various geographical features, roads, and airports. A white text box is overlaid on the map, containing the following text: "Turn Layers on and off by clicking on the check mark. Some layers (in grey) must be at a zoomed in scale to be activated." An arrow points from the text box to the "Layer List" panel on the right side of the screen. The "Layer List" panel is titled "Layer List" and contains a list of layers with checkboxes and a search icon. The layers listed are:

- Bridges (NYS DOT 2017) ...
- Municipal Boundary (NYS IT, 2017) ...
- Airfield or Heliport (FAA, 2015) ...
- NYS Assembly Districts ...
- NYS Senate Districts ...
- NYS Congressional Districts ...
- Parcels (Niagara County Final Roll, 2024) ...
- Fire Station (Niagara County, 2017) ...
- Fire Department (Niagara County, 2017) ...
- State Regulated Wetlands (NYSDEC) ...
- Agricultural Districts (Cornell IRIS and NYSAG and Markets, 2019) ...
- BuildingFootprints - NYS Building Footprints ...
- Soils (SSURGO, NRCS 2016) ...
- School District (2017) ...
- Weather Radar - Precipitation (NOAA/NWS) ...

Niagara County Mapping Website:

Property Class Codes (ORPS)

Some all layers will have a “pop-up” of information when you click on it.

The Parcel Layer has a customized pop-up of assessment information

Click the arrow to cycle through active layers

Niagara County Mapping Website:

The screenshot displays the Niagara County Mapping Website interface. On the left, an aerial photograph shows a large industrial building with a blue rectangular measurement box drawn over its roof. The top of the interface features a dark blue navigation bar with various icons. On the right, a 'Measurement' panel is open, showing a 'Measurement Result' of '0.26 Acres' highlighted in a red box. Below the result is a 'Clear' button. A white text box at the bottom right provides instructions: 'Click to draw area. Double click to end. Click clear to erase measurement.'

Niagara County Mapping Website:

The screenshot displays the Niagara County Mapping Website interface. On the left, an aerial satellite view shows a large industrial or commercial building complex with a parking lot. A green location pin is placed on the building. On the right, a 'Measurement' panel is open, showing various measurement tools and a table of coordinates.

Click the Point option to return the Latitude and Longitude of a point

Niagara County Mapping Website:

A screenshot of the Niagara County Mapping Website interface. The top navigation bar includes a search box with the placeholder text 'SBL, Address, or Owner (L:'. Below the navigation bar is a toolbar with various icons for map navigation and drawing. The 'Draw' tool panel is open, showing a 'Select draw mode' section with icons for point, line, polygon, circle, and text. The 'Text' mode is selected, and the 'Preview' section shows the text 'Brooks Building' in red. The 'Text' input field contains 'Brooks Building', the 'Font color' is set to red, and the 'Font size' is set to 20. At the bottom of the panel are 'Undo', 'Redo', and 'Clear' buttons. The background shows a zoomed-in view of the building from the left image, with yellow boxes indicating the area of interest.

The Draw tool allows you to add a graphic or text to the map display

Niagara County Mapping Website:

Add data from the ArcGIS Online Community

The screenshot shows the 'Add Data' panel with the 'Search' tab selected. The search term 'census' is entered in the search box. Below the search bar, there are filters for 'Within map' (checked), 'Type', and 'Relevance'. A list of search results is displayed, each with a thumbnail map, a title, a description, and 'ADD' and 'DETAILS' buttons.

Thumbnail	Title	Description	Buttons
	USA Census Hispanic Population	Map Service by AtlasPublisher	ADD DETAILS
	2016 USA Population Density	Map Service by esri	ADD DETAILS
	USA Median Household Income	Map Service by HSACadmin	ADD DETAILS
	USA ZIP Codes (2014)	Feature Service by esri_dm	ADD DETAILS
	114th_Congressional_Districts	Feature Service by HouseAdmin	ADD DETAILS
	2016 USA Average Household Income	Map Service by esri	ADD DETAILS

Add a layer via a specific URL

The screenshot shows the 'Add Data' panel with the 'URL' tab selected. The 'Type' dropdown is set to 'An ArcGIS Server Web Service'. The 'URL' field contains the text 'http://opdgig.dos.ny.gov/arcgis/rest/services/NYOPDIG/Hun'. Below the URL field, there is a 'SAMPLE URL(S)' section with an 'ADD' button. Three sample URLs are listed below:

- http://services.arcgis.com/P3ePLMYs2RVChkJx/arcgis/rest/services/World_Cities/FeatureServer/0
- http://services.arcgisonline.com/ArcGIS/rest/services/Demographics/USA_Tapestry/MapServer
- http://imagery.arcgisonline.com/ArcGIS/rest/services/LandsatGLS/VegetationAnalysis/ImageServer

Add your own data (CSV, shapefile, etc)

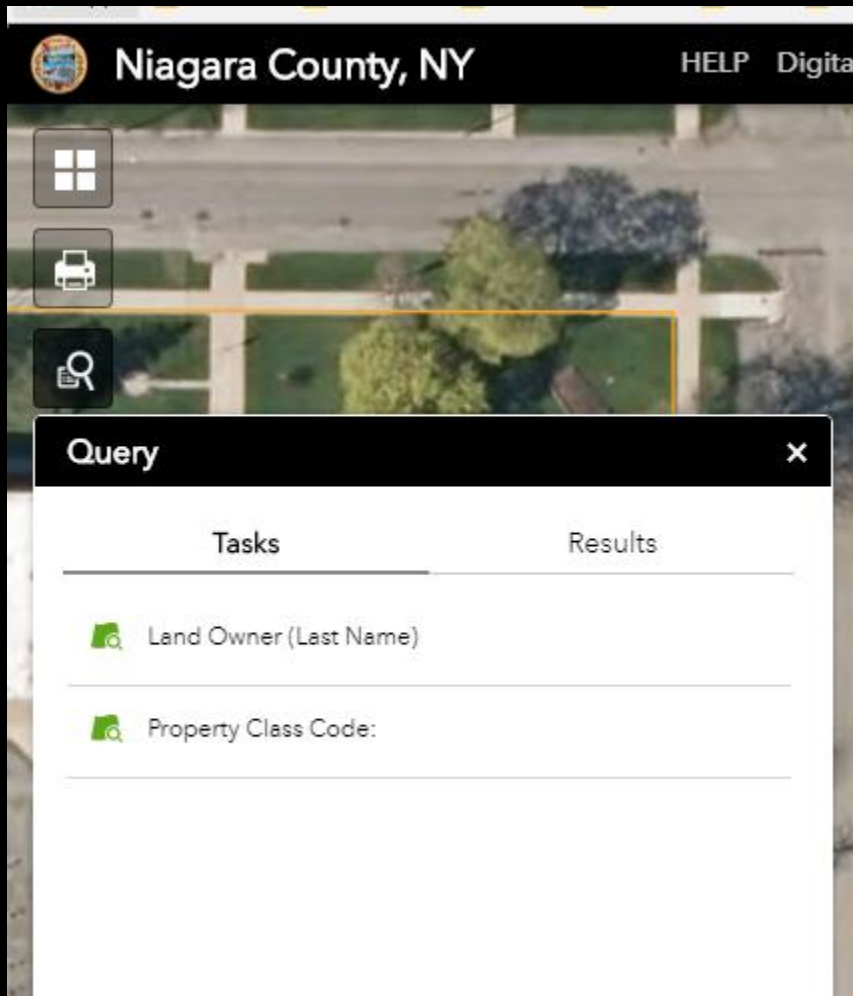

The screenshot shows the 'Add Data' panel with the 'File' tab selected. A checkbox labeled 'Generalize features for web display' is checked. Below this, there is a dashed box containing icons for 'SHAPE FILE', 'CSV', 'KML', 'GPX', and 'GeoJSON'. Below the icons, there is a 'DROP OR BROWSE' label and a 'BROWSE' button.

Niagara County Mapping Website:

Query the Parcel Database by:

1. Land Owner/Company Name – Last Name Only
2. Query the Database by Property Class Code. For a list of the three digit class codes used in New York State, click on the link at the top of this web page.

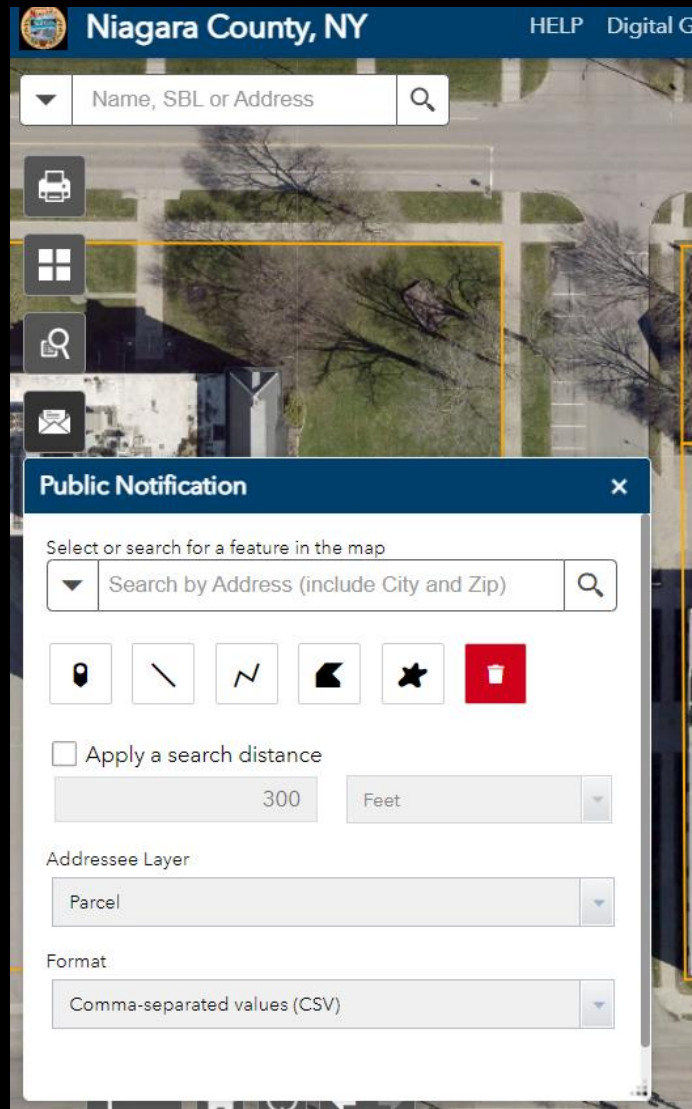

Click on the results tab; Results can be exported to CSV file; however, *you are limited to 1,000 records.*

Create a mailing list within an area, or buffered area

Niagara County Mapping Website:

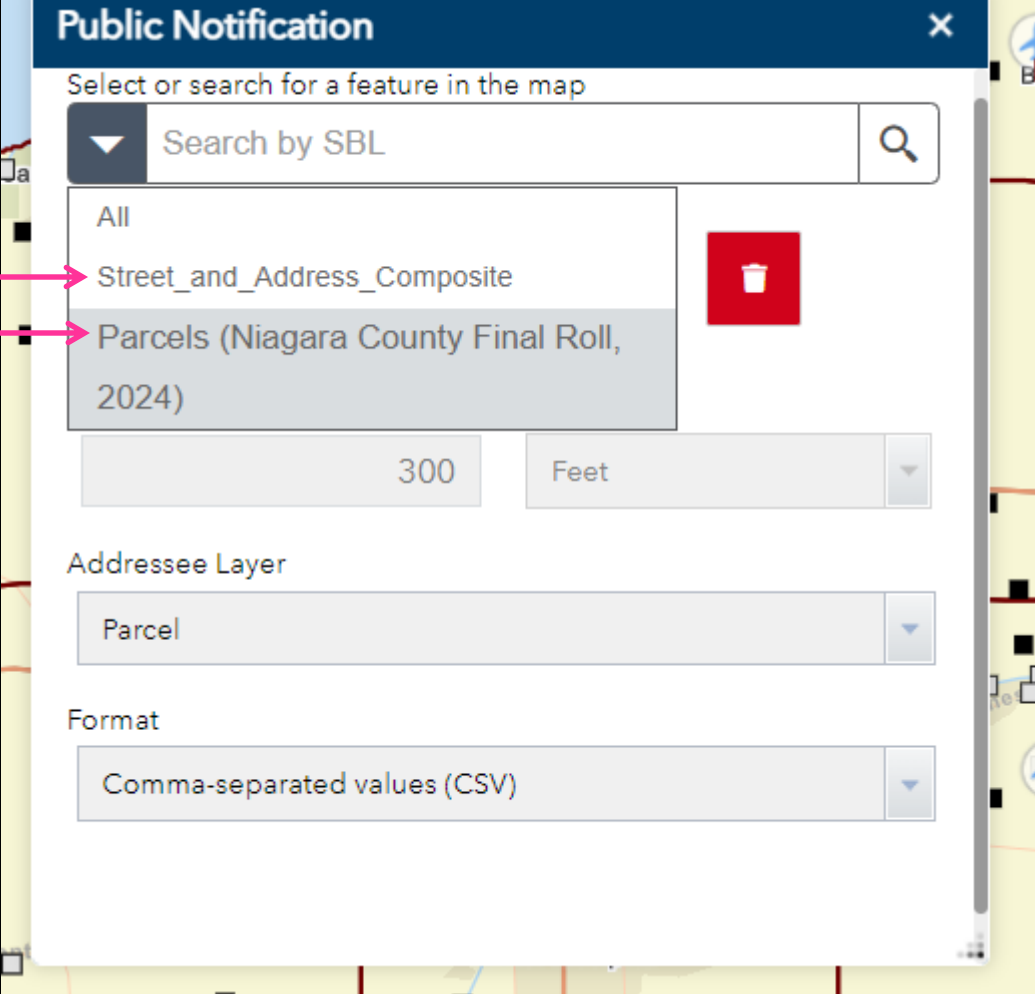

Public Notification Tool:

Create a mailing list within an area, or buffered area

Search by Address

Search by SBL

In the search function of the Public Notification tool, Click the arrow  to choose what type of search you would like to perform.

The screenshot shows the 'Public Notification' tool interface. At the top, it says 'Select or search for a feature in the map'. Below this is a search bar with a dropdown menu currently set to 'Search by SBL'. A red arrow points from the text 'Search by Address' to the dropdown arrow. Another red arrow points from the text 'Search by SBL' to the 'Search by SBL' text in the search bar. The dropdown menu is open, showing options: 'All', 'Street_and_Address_Composite', and 'Parcels (Niagara County Final Roll, 2024)'. A red trash icon is visible to the right of the dropdown. Below the dropdown is a buffer distance input field set to '300' with a unit dropdown set to 'Feet'. Further down, there is an 'Addressee Layer' dropdown set to 'Parcel' and a 'Format' dropdown set to 'Comma-separated values (CSV)'.

Niagara County Mapping Website:

Public Notification Tool:

Create a mailing list within an area, or buffered area

If you would like to apply a buffer, check “Apply a search Distance” and enter a number.

300 is the default, but you can enter a different number.

You can also change the units from Feet to Meters

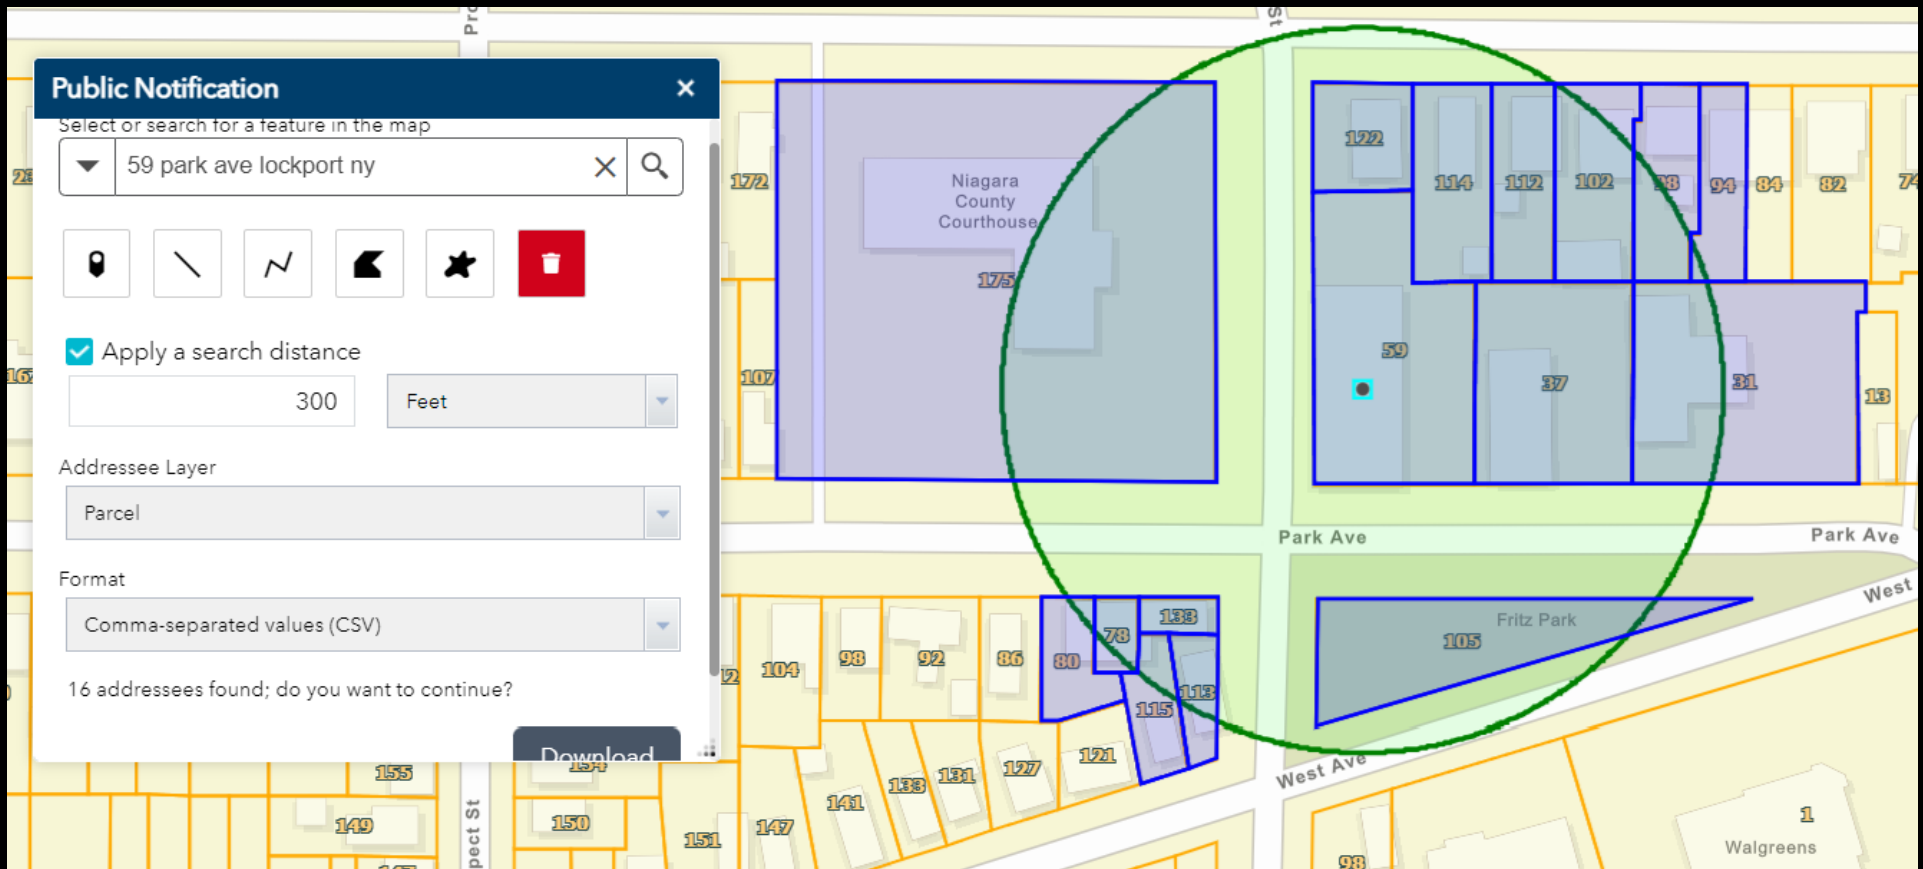

The screenshot shows a web application window titled "Public Notification" with a close button (X) in the top right corner. Below the title bar, there is a search bar with the text "59 park ave lockport ny" and a search icon. Below the search bar is a row of icons: a location pin, a line, a zigzag line, a square, a star, and a red trash can. Below the icons is a section titled "Apply a search distance" which is highlighted with a red box. This section contains a checked checkbox, a text input field with the value "300", and a dropdown menu with "Feet" selected. Below this section is a section titled "Addressee Layer" with a dropdown menu showing "Parcel". Below that is a section titled "Format" with a dropdown menu showing "Comma-separated values (CSV)". At the bottom of the window, there is a message: "16 addressees found; do you want to continue?".

Niagara County Mapping Website:

Public Notification Tool:

Create a mailing list within an area, or buffered area

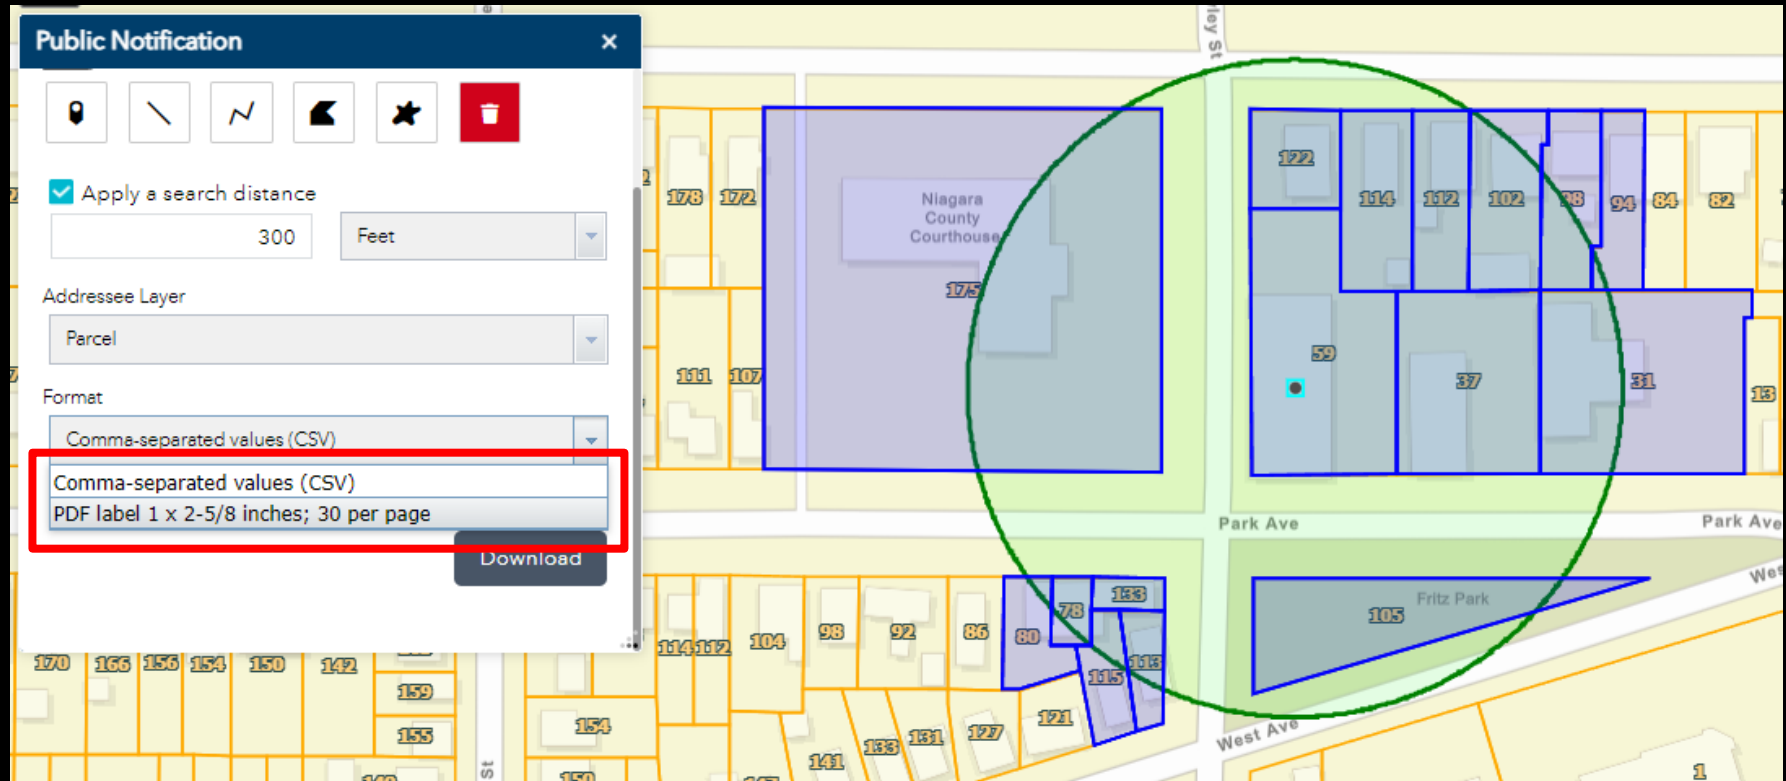

After Clicking the search magnifying glass, the parcels within the buffer area will be selected

Niagara County Mapping Website:

Public Notification Tool:

Create a mailing list within an area, or buffered area

You are able to export the ownership information of the selected parcels to a .csv or to a .pdf

Niagara County Mapping Website:

Public Notification Tool:

Create a mailing list within an area, or buffered area

As an alternative to using the search tool for a specific parcel, you can use the drawing tools to chose a specific area

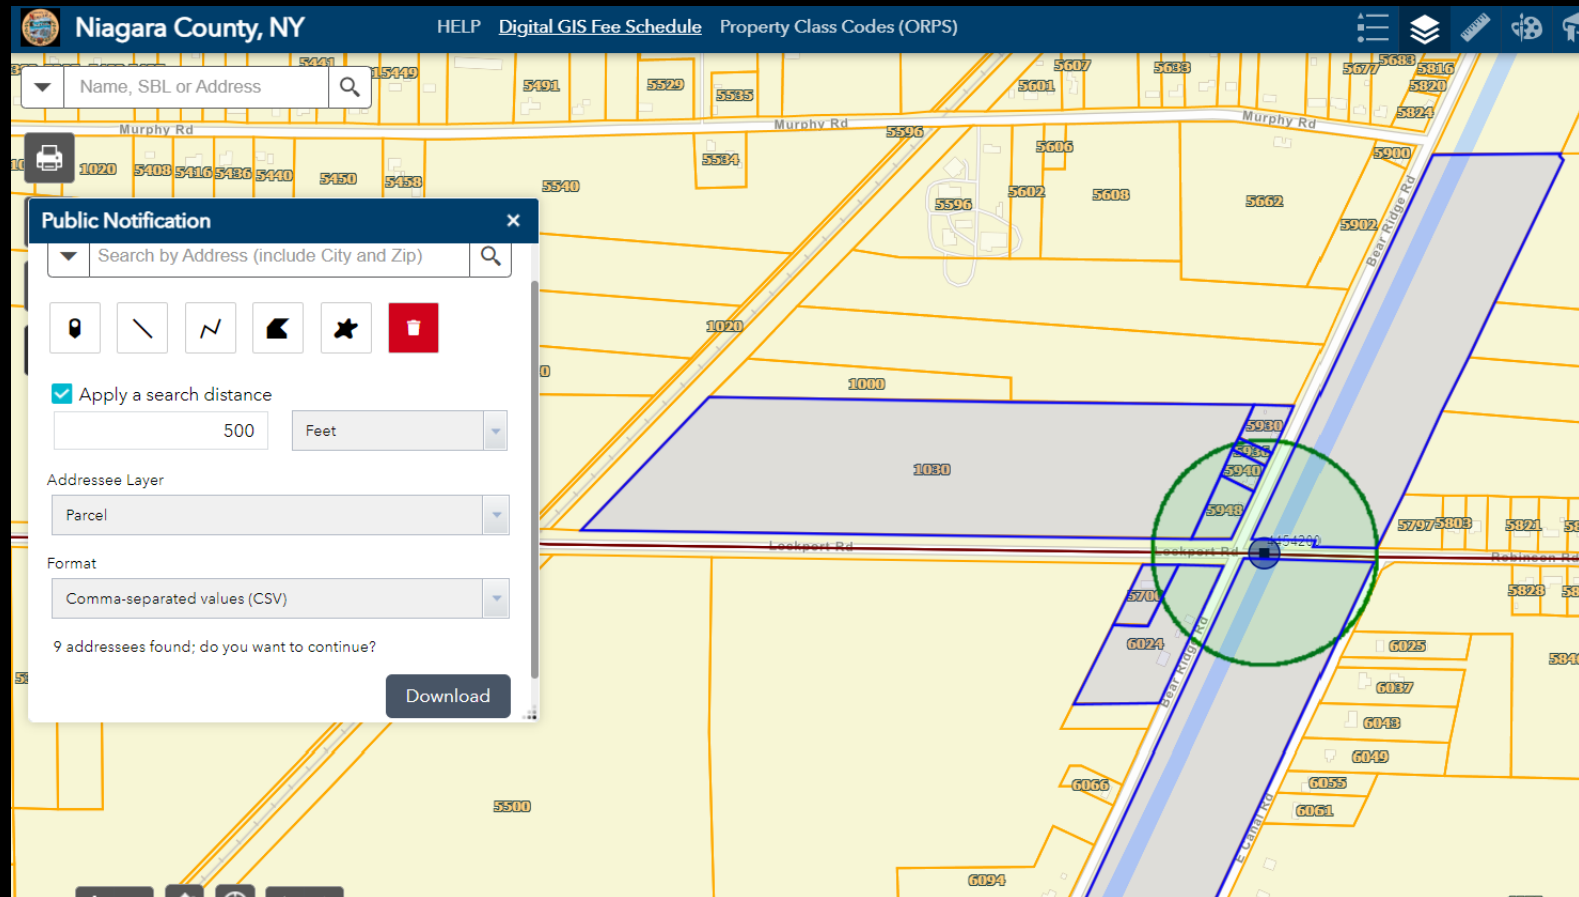

Point, Lines and Polygons are all options to draw a custom area and return ownership information.

Niagara County Mapping Website:

Public Notification Tool:

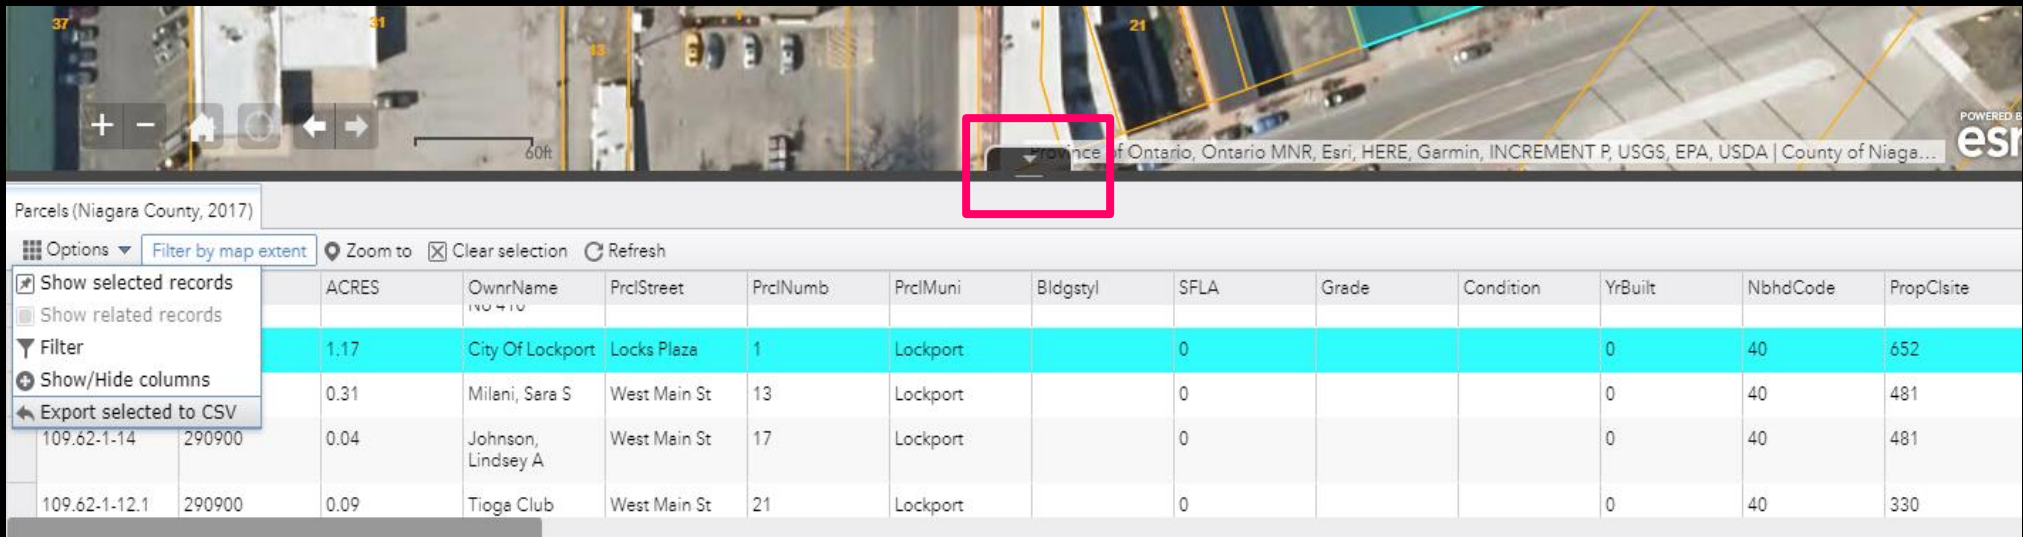

Create a mailing list within an area, or buffered area

For example, If you are looking for parcels within 500 miles of the Robinson Road Bridge, you could draw a point at the bridge, and enter 500 as the distance.

Niagara County Mapping Website:

- Click on the attribute tab to see the tabular parcel data.
- This data may be exported to CSV format (**again, you are limited to 1,000 records**)
- You can also filter your results based on the extent of your current map, or create a custom filter.

The screenshot displays the Niagara County Mapping Website interface. At the top, there is a map showing an aerial view of a street intersection with several parcels outlined in yellow. A red box highlights a button on the map, likely the 'Attribute' tab. Below the map, there is a table titled 'Parcels (Niagara County, 2017)'. The table has columns for ACRES, OwnrName, PrclStreet, PrclNumb, PrclMuni, Bldgstyl, SFLA, Grade, Condition, YrBUILT, NbhdCode, and PropClsite. The first row is highlighted in blue. A dropdown menu is open on the left side of the table, showing options like 'Filter by map extent', 'Zoom to', 'Clear selection', and 'Refresh'. The dropdown menu also includes 'Show selected records', 'Show related records', 'Filter', 'Show/Hide columns', and 'Export selected to CSV'.

	ACRES	OwnrName	PrclStreet	PrclNumb	PrclMuni	Bldgstyl	SFLA	Grade	Condition	YrBUILT	NbhdCode	PropClsite
